

the state supreme court deliberated prohibited referendum on bills passed by the legislature.

The district terminated the fight between Secretary of State George S. Meyer and Governor White over the motor vehicle bureau transfer and the establishment of a state highway patrol which was linked with the proposed motor vehicle bureau transfer. The court issued a writ of prohibition preventing Meyer from proceeding further. He plans to call a referendum on the two measures.

Appointments Made

Shortly after the court ruling was announced, Captain L. J. Black of the Hamilton county fleet was named to head the new highway patrol by State Highway Director O. W. Merrell.

At the same time Merrell appointed Glenn M. Bailey of Columbus commissioner of the bureau of motor vehicles.

Both appointments became effective when the state supreme court makes its final judicial entry on the decision given today.

Merrell and Black are expected to proceed immediately with organization of the highway patrol system as provided by the creating it. It will mean the firing of a patrol of 60 men to enforce the traffic laws throughout the state. The highway director has stated the patrol first to be established on the main highways and particular attention to be given to overloading of trucks and reckless driving.

Merrell has been dickering with Black for weeks, but nevertheless had the appointment until court had acted finally on the referendum move.

World War Vet

A captain of the Hamilton county police for the last two years, Sheriff Asa Butterfield, B. S. is a World War veteran and formerly was with the West Virginia state police.

From 1928 to 1928 Black was a deputy sheriff of Marion county, West Virginia, coming to Ohio in 1928 to organize the Indian ranger's private police organization in rural Hamilton county.

He will succeed John P. Hann who has been in office since Meyer became secretary of state last Jan 1.

Bailey who lives on a farm in Columbus is secretary of the Automobile Dealers' association. He will be succeeded in office by J. White Cummings of Columbus.

Referendum Petitions

Filed against both measures of referendum sponsored by Secretary of State Meyer. The White and

AUTO CLUB BOARD MEETS AT HOTEL

Discussion of traffic rules formed the business part of a luncheon meeting yesterday in Hotel Marion of the board of directors of the Marion Auto club. C. A. Klunk, president of the board, was in charge.

The board took under advisement various suggestions of educating the public along lines of safer driving and observance of traffic regulations.

The board's next meeting will be held in a month.

PHYSICIAN SPEAKS AT ROTARY MEETING

Dr. J. A. Dodd Tells Club of Importance of Regular Examinations.

The benefits of periodical health examinations were the topic of a talk before the Marion Rotary club at its weekly luncheon meeting in Hotel Harding yesterday by Dr. John A. Dodd of Franklin street.

A person should spend part of each birthday anniversary at a doctor's office, Dr. Dodd said. If records are kept of these examinations and are consulted every year much illness in later life would be prevented, he said.

Sidney Smith, chairman of the safety and hygiene department of the Ohio Industrial commission, and Harry L. Dowler, chairman of the safety campaign to be sponsored in Marion by the Y's Men's club and the industrial commission, were guests.

The Rotary club will attend a

joint meeting with the Y's Men's club Monday at 8:15 p.m. in Hotel Harding in place of the regular meeting next week. Thomas M. Gregory, chairman of the state industrial commission, will be the speaker.

SAFETY DRIVE OPENS MONDAY

Speakers Will Appear Before
Local Clubs and Or-
ganizations.

Preparations for the countywide safety campaign to be conducted next week by the Y's Men's Service club and the state industrial commission moved forward rapidly today. Chairman Harry A. Dowler reported.

Edward Sloan, he announced, today began receiving calls from clubs and organizations which have agreed to participate in the drive.

A number of bookings for speakers have been made. The speakers will appear in the safety campaign, which will be conducted by the Y's Men's Service club and the state industrial commission, during the next week. Quicker Relief Now
from Pain

The pictures above tell, in a simple way, the reason GENUINE BAYER ASPIRIN is rated the Fastest, Safe Relief from pain. Note that a Bayer Aspirin Tablet starts to disintegrate within two seconds after touching moisture—in your stomach just as it does in the glass above. Hence, a Bayer Aspirin Tablet starts to "take hold" of even a severe headache or neuritis a few minutes after taking. Keep this in mind when in pain. BAYER brings the quick relief you want. And the SAFE relief, too. For Genuine Bayer Aspirin does not harm the heart. So—always say "Bayer Aspirin" when you buy. Then you'll be sure to get the Quick relief and Safety of the real Bayer article.

The rest of us discuss em morning night and noon, and I don't suppose there ever was a time when everybody knew as little about what they were talking about as they do today. Actual knowledge of the future was never lower, but hope was never higher. Confidence will beat predictions any time.

Oldsmobile

DOUBLES ITS SHARE OF SALES IN ITS PRICE RANGE
THIS YEAR compared with LAST

Men and women are buying more Oldsmobiles than any other car of comparable price. They are awarding Oldsmobile 27.3% of the total sales of the eleven makes of cars in its price range—more than double the 13.3% of a year ago. They have purchased more Oldsmobiles during the first eight months of 1933 than in all of 1932. And here are the reasons for this marked public preference:

Style Leadership—resulting from an entirely new and distinctive design—modern to the minute—a pleasing harmony of line, contour and color that is winning universal praise.

Performance Leadership—90 horsepower and 80 to 85 miles an hour in the Eight; 80 horsepower and 75 to 80 miles an hour in the Six; plus exceptional smoothness and flexibility.

Fisher Ventilating System—utmost comfort—fresh air without drafts—individual ventilation without discomforting others. No dangerous fogged windshield or windows. Smoke and used air go out instantly.

Time-Proved Dependability of engine, chassis and body—born of more than thirty years' experience in building sound, reliable motor cars.

Economy—the great basic economy of durable construction, which means long life—and of modern design, which means a higher resale value.

Owner Satisfaction—the good reputation which stamps Oldsmobile as "the car that owners recommend to their best friends" and which is an added guarantee of satisfaction.

Price—only \$745 and up for the Six, \$845 and up for the Eight—bringing you value nowhere equalled in the entire Oldsmobile price range.

You will be much more pleased with an Oldsmobile. And you can easily have one on convenient G.M.A.C. terms. Why not see and drive an Oldsmobile—today?

NRA AGENTS PROVE ABLE PEACEMAKERS

Effect Settlements in Several Labor Disputes; Other Problems Remain.

By The Associated Press. Blue eagle men labored today to settle industrial machinery made break by friction between capital and labor.

Several strikes were subsiding under the ministrations of NRA mediators and others. Troublesome conditions still prevailed, however, in some other industrial sectors.

The signing of the coal order prompted United Mine workers to quit 20,000 striking diggers in west 5 Pennsylvania, to return to the mines.

In Detroit NRA mediators broke a record. In four hours and 15 minutes they reached a settlement in a strike of 300 employees of the Chrysler Motor company. The NRA and another agency averted a strike of 500 dress workers there.

The other side of the picture showed Arkansas—coal strike threatened; Oklahoma—coal strike threatened; New York—15,000 painters strike; Chicago—cleaners' strike threatened; Arizona—pipe line strike threatened; New Jersey—textile strike continues; New York—underwear strike continues. MARY LOU GOES SHOPPING

SHE is only eight, but even at this tender age Mary Lou is a daily customer at the neighborhood stores. Perhaps it is a package of crackers, and a pound of coffee at the grocer's. Perhaps it is some tooth-paste or toilet soap at the drug store.

Of course Mary Lou doesn't decide on what she is going to buy. Her mother writes a list—this brand of crackers, this brand of coffee, this make of tooth-paste, this kind of soap. She knows the prices, and gives Mary Lou just enough money, with an extra penny or two, perhaps, to spend for herself.

Buying is just as simple and easy as that because of just one thing—Advertising.

Advertising has given all of us a lot to be thankful for.

Because of advertising, people in Texas know about and buy Michigan motor cars. People in New Hampshire buy oranges raised in Florida and California. Because of advertising, merchants and manufacturers are forced to improve their products. It has standardized quality. It has increased consumption and thereby lowered costs. It promotes competition and thereby keeps dealers and merchants wide awake to secure for you the most for your money.

But best of all it writes "Finis" on the business career of any merchant or manufacturer who attempts to fool the public or give them less than value received.

BUCYRUS REQUESTS \$5,760 RELIEF GRANT

Council Adopts Resolution Based on Estimates for October.

Special to The Star.
BUCYRUS, Sept. 20.—A resolution asking a direct grant of \$5,760 for the month of October, was adopted by city council Tuesday night. The resolution was to be forwarded immediately to the state relief department with an estimate of expenditures.

Mayor Arthur Schuler reported that \$5,760 had been granted by the state relief department for September relief. It is estimated at \$4,950. The council, former safety director, issued a complaint that so great a proportion of the relief money should be spent for salaries of the local relief executives. Approximately \$200 will be spent for salaries for four relief supervisors, in accordance with regulations set down by the state department.

IT TAKES HEALTHY NERVES TO BE A SHARPSHOOTER

THREE TIMES NCH MAN on the U. S. International Dewar .22-calibre rifle team, and former U. S. small bore champion, Virgil Richard is professional shooter for Remington Arms Co., Inc. He always has to be a brilliant marksman—regardless of sun, wind, or rain. There is no question about his knowing the secret of healthy nerves!

Steady Smokers turn to Camels

VIRGIL RICHARD, discussing smoking and shooting, says: "People often ask me if a professional sharpshooter can smoke as much as he wants. I've been enjoying cigarettes for years, without difficulty in keeping my nerves in shape for making record scores in tournament shooting events. That's because I have long been a Camel smoker. I have experimented with all the popular brands, and I find Camels are better for steady smoking. They're a much milder cigarette, and they never interfere with my nervous control, no matter how much I smoke."

Switch to Camels. You'll like the remarkable mildness... the fine, rich flavor of Camel's costlier tobaccos. You'll have satisfying proof that Camels do not interfere with healthy nerves.
